Payment of these items may result in Overdraft fees as disclosed above.</p> <p>Overdraft Protection Options: We offer Overdraft Protection Plans, such as a deposit account or line of credit linked to your account (credit approval required). These services may be less expensive than our standard overdraft services and/or debit card overdraft service. See your Deposit Account Agreement for details.</p>

- Everyday Debit Card Transaction:** A one-time transaction or purchase in which the cardholder provides their Zions Bank debit card or debit card number to a merchant for payment of goods or services that are not recurring. Each payment is normally authorized (confirmed) by you (usually with a PIN or cardholder's signature) at the time of the transaction or purchase. We are authorized to rely on the originating bank's or the merchant's coding of the transaction as an Everyday Debit Card Transaction for all purposes, including refusing or paying the charge and assessing the applicable fee if the account has an insufficient Available Balance.
- Recurring Debit Card Transaction:** A debit card transaction made on a regular basis, such as setting up your debit card to pay monthly bills. We are authorized to rely on the originating bank's or merchant's coding of the transaction as a Recurring Debit Card Transaction for all purposes, including refusing or paying the charge and assessing the applicable fee if the account has an insufficient Available Balance.

Transaction Processing

Deposit and Withdrawal Posting Information

Transactions are posted chronologically throughout the business day, whether they are deposits (credits) or withdrawals (debits), in one of two ways:

- 1) In-branch transactions, digital banking transactions, ATM transactions, wires, and Point-of-Sale PIN-based debit card transactions are immediately posted to the Bank's processing system at the time they are conducted;
- 2) Point-of-Sale signature-based debit card transactions, Automated Clearing House (ACH) transactions, "federal in-clearing checks" (checks drawn on your account but deposited at another bank), remotely deposited checks, lockbox transactions, and transactions processed by a Division of Zions Bancorporation, N.A. other than the Division that holds your account) are first grouped into batches of like transactions then posted at regular intervals (usually hourly).

Both ways of Real Time Processing pause at an End-of-Day Cutoff Point but resume the following business day. Interest is calculated and balances are determined (including balances for statement purposes, the Available Balance, any Overdrafts, or Insufficient Funds), at the End-of-Day Cutoff Point. For more details see your **Deposit Account Agreement**.
